

DAN DENVER DE LEON

AI ENGINEER | FULL STACK & FRONT-END · AI-NATIVE

[Portfolio](#) | [Certificates](#) | [GitHub](#) | [LinkedIn](#) | +63 998 232 3125 | denverdeleon21@gmail.com

AI-native AI Engineer and Full Stack / Front-End Developer dedicated to crafting high-aesthetic, fluid web applications with seamless user flows, responsive micro-interactions, and robust backend architectures. By integrating AI coding agents (Claude Code, Cursor, Antigravity), custom agent skills (.agents/skills), MCP tooling, and automated workflows, I transform complex system requirements into clean, production-grade digital experiences that feel effortless and wow at first glance.

TECHNICAL SKILLS

Front-End: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, shadcn/Radix UI, React Native, Vite, TanStack Query, Zustand, Zod

Back-End: Python, FastAPI, Node.js, Express.js, PHP, Laravel, REST APIs, WebSocket, SSE, JWT Authentication

Database & Cloud: PostgreSQL, MongoDB, MySQL, Firebase, Supabase, AWS S3, Vercel

Testing & DevOps: Vitest, React Testing Library, Docker, Docker Compose, GitHub Actions (CI/CD), SonarQube

AI & Tools: Claude Code, Cursor, Antigravity, MCPs, AI Agents, Git, GitHub, Figma, Postman, Jira, VS Code

Practices: Responsive Design, UI/UX Design, Design Systems, Performance Optimization, Code Review, Agile

PROFESSIONAL EXPERIENCE

Junior Full Stack Developer | KMC Solutions / Anervea.ai | Remote

Dec 2025 – Present

- Shipped 350+ merged pull requests across 10 repositories and 8 AI-driven pharmaceutical intelligence products, closing 240+ Jira stories, tasks, and bugs in an Agile team.
- Engineered AI chat assistants for a data-intelligence engine and its client-facing SaaS, with SSE and WebSocket answer streaming, dropped-connection recovery, conversation history, and inline citations.
- Built a Knowledge Graph UI from scratch on a GPU-accelerated canvas, visualizing 14 pharmaceutical data domains with layout panels, schema tabs, an interactive legend, and node-detail views.
- Drove the V1 to V2 API migration for a competitive-intelligence SaaS, rewiring authentication, permissions, and core screens to the new API and replacing seven polling loops with a single endpoint.
- Owned the internal admin console for the data-collection infrastructure (Collector Health, Scope Manager), with server-side filtering, pagination, bulk selection, lazy loading, and caching.
- Hardened a Python/FastAPI backend through a code audit, fixing access control, permission checks, audit logging, and async database access.
- Containerized a legacy PHP + Node.js platform with Docker Compose, env-based config, and a CI test pipeline.
- Built an AI Interviewer frontend from scratch and set up AI-assisted workflows (Claude Code skills, agents, MCPs) that sped up the team's delivery.

Junior Full Stack Developer | MK International Trading | Onsite

July 2025 – Oct 2025

- Built user management features across the Rider app, Customer app, and Web Admin.
- Developed core Rider App features and real-time notifications between users and the platform.
- Contributed UI/UX and frontend designs that improved interface consistency across the applications.

Team Leader | Freelance / Independent Contractor | Remote

- Led development of web systems for multiple clients, from academic capstone projects to business applications across education, finance, e-commerce, and project management.
- Built role-based workflows including multi-vendor e-commerce, KYC document tracking, and secure financial dashboards with Supabase Row Level Security (RLS).
- Delivered projects end to end, from requirements and animated frontends to hosting and CI/CD deployment.

Web Developer Intern | UI/UX Team Lead | Supsoft Tech | Remote

March 2025 – June 2025

- Integrated Laravel backend APIs with the React frontend using Axios across modules.
- Contributed design updates and responsiveness fixes to CertiCode, a certification platform.
- Led a small team of interns on UI/UX, keeping design practices consistent across the platform.

EDUCATION

BS in Information Technology | College of Sciences, Technology, and Communications Inc. | 2021 – 2025
